

INSTRUCTIONS FOR PREPARATION OF THE STATE OF MONTANA CONSUMER LOAN ANNUAL REPORT OF LICENSEE

All holders of licenses issued under the Montana Consumer Loan Act are required by law to file an annual report of operations for the preceding calendar year. Reports are due by April 15th of the following year. Failure to file a complete and accurate report in a timely manner may result in action to revoke the licensee's Consumer Loan License(s).

Information contained in this report is used to determine the volume of business and the types of services offered in Montana by licensees. This information is summarized and published as required by 32-5-308, MCA. In the initial license application, all licensees indicate the ability to extract operating information pertaining only to Montana business. **Include in this report only the results of Montana business conducted under the provisions of the Montana Consumer Loan Act.** The distortions created by the inclusion of other types of business or business results from other states renders your report useless for our analytical and reporting obligations.

Line by line instructions for numbered items of the report follow. **If no loans were made to Montana residents in 2014, check box and complete page one and affidavit only.**
